

## How to change the video and audio setting in Zoom when you are teaching in classroom with external USB camera on tripod?

Login to your Eckerd Zoom account to start a meeting, change the video and audio setting.

### Video setting:

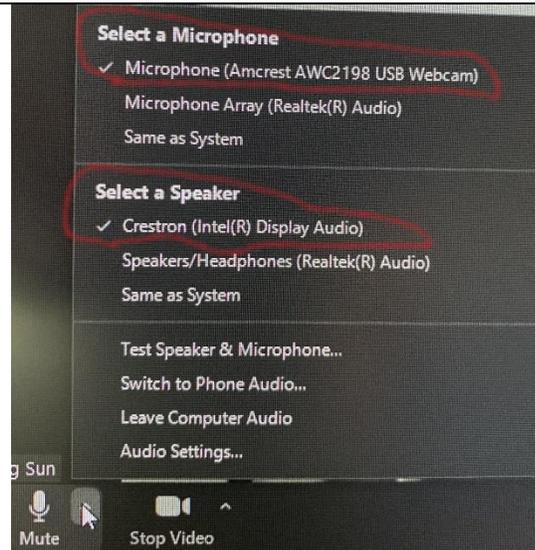

Click the little upper arrow right next to the **Stop Video** icon, then uncheck the Mirror my video and make sure that you choose **Amcrest AWC2198 USB Webcam**.

- Camera: Amcrest AWC2198 USB Webcam
- 16:9 (Widescreen)  Original Ratio
- My Video:
  - Enable HD
  - Mirror my video
  - Touch up my appearance
- Meetings:
  - Always display participant names on their video
  - Turn off my video when joining meeting
  - Always show video preview dialog when joining a video meeting

### Audio setting:

Click the little upper arrow right next to the **Mute** icon, Select a Microphone to Microphone ( **Amcrest AWC2198 USB Webcam**), and Select a Speaker to **Crestron (Intel(R) Display Audio** so the sound will broadcast from the speakers in the ceiling instead of computer speaker.

### Share screen with audio sound:

If you want to play the video clips via Zoom, click **Share Screen**, select the screen that you want to share, make sure to check **Share computer sound**, then click **Share**. So remote students can hear the video clip sound via Zoom.
