

How to use Safe Exam Browser (SEB) to take quiz in Moodle?

Safe Exam Browser (SEB) is a web browser environment to carry out e-assessments safely. The software turns any computer temporarily into a secure workstation. It controls access to resources like system functions, other websites and applications and prevents unauthorized resources being used during an exam. SEB runs on a local computer and it is connected via the internet to a learning management system (LMS) or an e-assessment system. Students have to download the SEB program to their computer and do a little change in the SEB configuration Tool area.

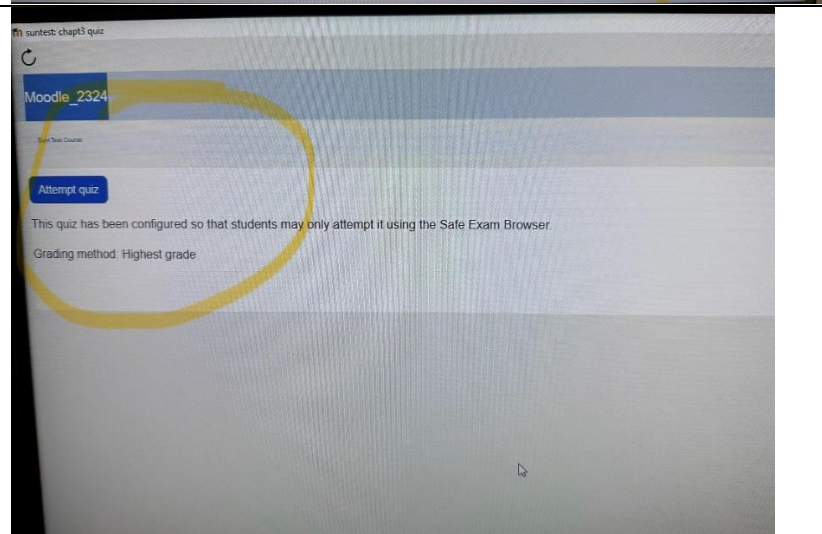

<p>1. As a teacher set up the quiz to require the use of SEB to Yes at the Safe Exam Browser Section area and choose Use SEB client config option, then click Save and return to course.</p>	
<p>2. When students click the quiz, it will ask them to download the SEB browser to be able to take the quiz.</p>	
<p>3. Students click the Download button to download PC or MAC version of SEB browser program to their computer.</p>	
<p>4. SEB browser will be saved in their Download directory in computer, the file size is about 245mb. Double click to install this program to your computer.</p>	

<p>5. After the installation, click Start menu, find the SEB browser program.</p>	
<p>6. Click SEB Configuration Tool to open it up, on the General tab typing https://moodle.eckerd.edu/moodle_2526 at the Start URL area</p>	
<p>7. Click Config File tab, check the radio button of starting an exam</p>	
<p>8. Go to File menu and Choose Save Settings, then close the Configuration Tool.</p>	
<p>9. Go back the Start menu, click to open Safe Exam Browser to take the quiz.</p>	

10. Now, the student computer screen is locked, only allow them to login to Moodle within the SEB browser or Click Quit to close the SEB browser to unlock the screen. SEB will check and disable all of the social media programs such as zoom, MS Team etc..

11. Student click the Attempt quiz button to take the quiz till they are done within the SEB browser. Then click Quit button on the bottom right corner to exit quiz in the Moodle.
